World For 2

Da Buzz

Ooh... uuh... gonna give you a world for 2

Can't swear, you're the one
Cause you make me insane
Every night, when you talk
I feel I'm drowning inside of your heart

You never said too much
You're turning me over
I see your face, I'm falling and falling
In your embrace
I'm having the time of my life

I wanna give you a world for 2
I'll give all my love to you
Cause you make me feel so good
And all I want to is to dance with you
And stay here forever
World for 2
I'll never take my eyes from you
Cause you make me feel so right
And every night I just want to
Give a world for 2

You can't tear me apart
Even without my heart
Without me getting hurt
That if you leave me, I fall to the ground

I never felt so much
I don't understand it
What's in your touch, I'm falling and falling
In your embrace
I'm having the time of my life

I wanna give you a world for 2
I'll give all my love to you
Cause you make me feel so good
And all I want to is to dance with you
And stay here forever
World for 2
I'll never take my eyes from you
Cause you make me feel so right
And every night I just want to
Give a world for 2

I would give you a world, give you a world for 2

When you went to bed
I was lying there watching fall asleep
I gave you a kiss
And slowly, so slowly you said to me

I want to give you a world for 2
I'll give all my love to you
Cause you make me feel so good
And all I want to is to dance with you

And stay here forever
World for 2
I'll never take my eyes from you
Cause you make me feel so right
And every night I just want to
Give a world for 2

Give a world, give a world for 2
