

## Eternity

Daan

Your heart stops my melting gun the parking lot the triple fun  
don't you know we couldn't miss none of this our loving ain't c  
old so don't call it trash  
Drop the pressure god the mountain feet the holy plot  
Can't take the passion into crashing the need  
I need your flesh cause I need your flesh  
Eternity in the name of love and liberty call it humanity on a  
one way trip to vanity no we couldn't break up or call it no fa  
tality no fantasy  
I guarantee you quality and quantity eternity
