

## Loop

Daan

Correct me if I'm wrong my dear,  
but I think this little loop won't do you bad.  
Correct me if I'm wrong my dear,  
but I think this little loop won't make you sick.  
Yeah correct me if I'm wrong my dear,  
but I think this little loop will make you glad.  
I might be wrong but then I hope,  
that this little loop will finally drive you mad.
