

Just For A Second

Dááth

I, I'm the on little
Me
Summer any day
You were never
Found
But tell me anyway

Want that instant
Salvation
What I want I want
You were never sup-
Posed to see

Everything was
Given to you right from the start
Born from greed
And corruption
But you never knew
What this was about

Not for a second
Not a single second

Don't think logically
Why don't you tell
Yourself
To never turn
Looking upside down
For a sign

Lie dormantly
Take them down for
A sign
Lie dormantly
