

# Self Corruption Manifesto

Dáãth

Buying up the truth  
And selling it for lies  
Left hidden buried in the dust  
And living with the lie

Fight  
But I am weak  
Hide  
A selfish mind  
Hate  
Perceived as living  
Bound in secret  
Death by deceiving

Now release the pain  
Encased in self-destruction  
Destroy the enemy of self-corruption  
Bind your face in truth  
And stabbing out your eyes  
Preparing for eternal darkness  
Thriving with the lie that life has bound

Fight  
But I am weak  
Hide  
A selfish mind  
Hate  
Perceived as living  
Bound in secret  
Death by deceiving

Now release the pain  
Encased in self-destruction  
Destroy the enemy of self-corruption  
Chose on your persistent failures  
Choke on a masochistic state of bliss  
Self-corruption

Now release the pain  
Encased in self-destruction  
Destroy the enemy of self-corruption
