

## Under a Somber Sign

Dáath

Spokes of the merciful forms are no more  
Whose force is irascible under black skies?  
Born to the lands of the merciless forms  
The birth of irascible tempest by terror

It forms a vision  
It forms a vision  
It forms a vision in me

Ride through the mist of misery  
Row through the silent abode  
The wisp of mystery  
Row through the silent abode

Blind, the sullen seasons  
A somber sign  
A tomb of reasons  
Is home - to - me  
Berserk - wrathful - hinder - visions  
(visions) berserk (berserk) wrathful (wrathful) hinder  
(hinder) visions

When the great tempest awakes  
The forms align

Ride through the mist of misery  
Row through the silent abode  
The wisp of mystery  
Row through the silent abode

Ride through the mist of misery  
Row through the silent abode  
The wisp of mystery  
Row through the silent abode

It forms a vision  
It forms a vision  
It forms a vision in me
