Dada

She came from heaven  
She came from heaven  
She came from heaven  
Forever flower

Through the ground she came to me  
She came from nowhere  
She came from nowhere  
She came from nowhere

And now nothing  
Will ever feel the same  
She came from heaven  
She came from nowhere

She came from heaven  
Fallen arrow  
Through the clouds she seems to be
