

## Moon

Dada

The night before the moon died  
You realized  
The flowers that you picked  
And kept locked away

Were never to be seen  
By naked lovers' eyes  
The night before the moon died  
You realized

You had a chance to make it right  
But you never did  
Take your car right out of gear  
Send it over the sea

Touch your fingers to the water  
Put your hands to your face  
The night before the moon died  
You realized

You had your chance  
To make it right  
You had your chance  
To change your mind

You had your chance  
To save your life  
But you never did
