

Well I can't forget the day we met how I could clearly see  
With picture perfect vision, she was the only one for me  
My perception of a heavenly love was right there in my sight  
I never saw the true writin' on the wall 'cause she was standin'  
,  
in my light

Bought her a diamond ring, nearly everything this workin' man  
could not afford  
A Chevy, a house and the credit cards to her favorite departmen  
t  
stores  
Loved her all I could, I can't believe she would, run off with  
some ol' used to be  
Guess ya never know what the future holds, 'cause for her it  
wasn't me

And they say lookin' back is a lesson and that's why I won't  
forget her  
Through the smoke and haze of bein' burned I can see things a  
whole lot better  
Lord I was blind, but now I find since she did me down and dirt  
y  
Hindsight's not twenty-twenty, it's more like a 30-30

Now I'm pickin' up the pieces of this shattered broken heart of  
mine  
Been searchin' for the lovin' parts but the hurtin' ones are al  
l  
I find  
When she took her aim she wasn't playin' no games  
Lord, she dropped me right to my knees  
She untied our knot with a perfect shot and put me into my  
misery

And they say lookin' back is a lesson and that's why I won't  
forget her  
Through the smoke and haze of bein' burned I can see things a  
whole lot better  
Lord I was blind, but now I find since she did me low-down and  
dirty  
Hindsight's not twenty-twenty, it's more like a 30-30  
Lord, hindsight's not twenty-twenty, it's more like a 30-30
