But I rather round my nigga from Puerto Rico
To help me out with this one.
Now bring it on
Now bring it on
Now bring it on
Now bring it on

Oye estas bregando con los anormales

Que rumba el cielo te puedo pone a volar
En guerra avisada coquiera todavia muere gente porque

I got my - up in fire
You better get out of my way b/c a rider
At any time in the morning or in the evening
