

Come With Me

Daddy Yankee

Baby the sexy that lives in me
It's not illegal but it should be, be, be
And I know that you see it, you want it, you need it
And boy you better impress me, impress me
Baby I'm special, not just for anybody
So if you want my body
It's obvious you wanna play
This don't come easy baby
Show me that you worth it, if you want this
Show me that you worth it, show me that you worth my time
Whoa, whoa, whoa, show me that you worth my time
Whoa, whoa, whoa, show me that you worth my time

Yo I'm thinkin' about, chicks all day, let's get away
Y'all really know, million estate
Yanke man killa, got my own villa, come take a ride in my Bentley Vanilla
I feel the connection get close you want tension
Tengo muy malas intentions
Bottom's up the king's out
Take a shot, let the wings out
Baby don't stop it, here we go
Bring it up and drop it low
Don't Stop it, here we go
Bring it up and drop it low

Ay mami ven conmigo
Es muy temprano pa' regresar a la disco
Tonight come with me girl
Gotta get that, gotta get that
Stay with me girl, yeah, yeah
Gotta go, gotta go yeah
You know how this thing goes
Gotta whip outside
Baby let's roll you and me
We can do some things, things alone
Don't wanna waste another minute, another minute

Baby don't stop it, here we go
Bring it up and drop it low
Don't stop it, here we go
Bring it up and drop it low, hey
La rumba esta buena come on everybody, body
up, up in the club and it's time for the party, party
Hands on the wall when I'm grinding your body, body
you got with you and now I'm your daddy, daddy
It's so good 'cause I'm so hood,
tomando mas gatas que tiger woods
I'm so hot que ilumino el spot
Fresh and clean y seguimo' en el top, go!
