

# I Dance To Trance In Garbage Bag Pants

Daggermouth

Now that I know you've finally come clean.  
I've had enough of chasing you.  
Come on baby you know what i mean.  
And I said I've let myself fall down  
the lines you fed me that I believed.  
Girls like you are never happy.

Say your sorry I'm still waiting here.

Did you really think that you could get away with this?  
you lied to my face but now you're the disgrace.  
So my friends hate you and there's nothing I can do.  
I hope you miss me now I'm gone  
and thats why I wrote you this song

Say your sorry I'm still waiting here.

Dudes night out.  
Is what it's all about
