```
South facing to the western dreams
With northern eyes
You think there's nothing I can do about it
I've never tried
You hear a voice a million miles away
Innocence is closer every day
We're falling
And death it feels a million miles away
Chase spirits through the meek parade
And pass me by
You taste like absolutely everything
I've never tried
You hear a voice a million miles away
Innocence is closer every day
We're falling
And death it feels a million miles away
How does it feel?
Innocence is closer every day
We're falling
And death it feels a million miles away
Innocence is closer every day
We're falling
```

And death it feels a million miles away
