

# Under The Veils

Dakrua

Heighten Your Soul  
Above The Caress Of Emptiness  
Keeping Your Run  
Without Meaning Of Return  
Through The Dust  
And Through The Blood  
I've Strengthened My Hold On And On  
Far From Their Grace  
Unlit By Anger  
I'm Carrying On

Fall Destiny Fall! Into My Hands  
From The Depths Of The Unknown  
Just Let Me Believe That  
I'm Leading My Life On My Own  
Trapped Within The Spires Of Thy Storm

My True Desire  
Is Only To Ride This Mortal Coil  
And Step Aside  
From The Wishes Of Mankind  
To Free All My Inner-Self  
And Lay On The Earth To Rest

Then As My Corpse Will Be Withered  
You Will Realize Our True Nature  
Then As My Corpse Will Be Withered  
Will You Behold What We Are Seeking For?

Fall Destiny Fall! Into My Hands  
From The Depths Of The Unknown  
Just Let Me Believe That  
I'm Leading My Life On My Own  
Trapped Within The Spires Of Thy Storm

Beneath A Crystal Sky We Are Trying  
To Give A Positive Sense To Life  
But It Isn't For The Pain And Night  
That We Crave For The Love And Light?  
We Crave For The Love And Light?

Nothing To Miss, I've Nothing To Fear  
For My Intentions And Creed  
Never Again I'll Bleed For Some Pain  
And Bury Myself In My Self-Made Coffin  
Nothing To Miss, I've Nothing To Fear  
For My Intentions And Creed  
Never Again I'll Bleed For Some Pain  
And Bury Myself Under The Veils Of False Misery
