

Drive Through Summer

Dala

Just another drive through summer,
Just another drive through summer,
Just another drive through summer.

Window pane-ing, no explaining
Drive-by staring, we're past caring

Yeah, yeah, yeah, yeah

The radio's playing, what we're not saying
'Cause I might like you, and you might get through

Yeah, yeah, yeah, yeah

We're over taking but still aching
For what lies, before our eyes
Just another, drive through summer

Just another drive through summer,
Just another drive through summer.

Sun to moonlight, day becomes night
But it's all the same to me
I've miles to go, and so much more to see

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

Just another drive through summer,
Just another drive through summer,
Just another drive through summer,
Just another drive through summer (summer),
Just another drive through summer
Just another drive through summer...
