

# I Hate These Songs

Dale Watson

Misery and gin  
Here I am drunk again  
And gone gone gone  
Man I hate these songs

Silver wings  
And old lonesome memory  
The music plays on  
I hate these songs

Cause I sit in my car  
And I bathe in their sorrow  
Try to wash away my pain  
Just to get through tomorrow  
Note by note  
Line by line  
It cuts to the bone  
Man I hate these songs

Crazy four walls  
He stopped loving her today  
And old lonely street  
Ain't it funny how time slips away

And born to loose  
Am I losing you  
I'm just hanging on  
Man I hate these songs

The music plays on  
Man I hate these songs
