My Heart Is Yours

Dale Watson

It's been through hell and back Been broke showin' cracks But it's yours, my heart is yours

It's been a while since it had to feel Love shy and newly healed But it's yours, my heart is yours

Let's take it easy, it's easy to see girl It still ain't that strong It's barely beaten from being so beaten For so long

It's been through hell and back Been broken, showin' cracks But it's yours, my heart is yours

Let's take it easy, it's easy to see girl It still ain't that strong It's barely beaten from being so beaten For so long

It's been through hell and back Been broken, showin' cracks But it's yours, my heart is yours Baby it's yours, my heart is yours
