

Temple

Daley

Somewhere inside us
There's the desire to believe
Looking for guidance
Seeking some kind of relief

Tell me you're tired
Searching for comfort in vein
Lose all your idols
Find a religion in me

'Cause I know a place
(No church, still worship the same)
To find our faith
(Your love's all that's sacred to me, so...)

Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple

Behind the stone walls
We paint the wonders we need
As the gods of our own world
No love we make is a sin

Still, you better pray, you better pray
You better pray, you better pray, beside me
(Undress all your secrets with me)
'Cause a brighter day, after we lay, is promised
(Only if you worship with me)

Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple

(So meet me) at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple

(So meet me) at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
Meet me at the Temple
