

# Ghetto Romance

Damage

Just another Friday night  
In the club on ladies night  
Nothing really lookin' up  
'Bout to bounce to another spot  
She appeared across the bar  
Such a bad ass superstar  
Body like a race car  
Can we share a drink its on me

Pour a drink for my shorty right here  
Throw it down  
Give me the next dance  
Cause I need me some ghetto romance  
Tell your girls that you're rolling with me in the Bentley  
And you had a change of plan  
Cause you need you some ghetto romance

Sippin' Mo' and Alize  
Tongue kissing  
Thinking 'bout the love we could make  
Gotta get her home  
Gotta make her moan  
Gotta think of all the right words to say  
Incredible, so incredible  
Break you down, make you purr like an animal  
You make me wanna lay you on the bar  
And give you this love, oh

You're so sexy  
It's killing me  
Every little move you make  
The way you make it shake  
The way you back into me  
You're so lovely  
The way you dance with me  
Let's go back to the bar  
And sip on something nice before we leave
