

## Afterglow

Damhnait Doyle

Nobody really wants this life  
No matter what they tell you, baby it's a lie  
Maybe I should just pack it in  
Grab my shit and not come back again

Well heaven knows I've tried  
It comes as no surprise

Word gets around in this one horse town  
It travels faster then the, speed of sound  
They take you down fast in this town

I was really hoping you would change your mind  
If this is your idea of a valentine

Then turn the lights down low  
I don't want to watch you go  
Maybe I'm better off alone  
In the afterglow

Shining like a diamond on the hand of a bride  
Lonely as an angel in a Godless sky

Shining like a diamond on the hand of a bride  
Lonely as an angel in a Godless sky

I took my chances, I was mistaken  
I didn't take the roads that I should have taken

But heaven knows I've tried  
It comes as no surprise  
There's nothing left if me tonight  
But an afterglow
