## **Afterglow**

## **Damhnait Doyle**

Nobody really wants this life
No matter what they tell you, baby it's a lie
Maybe I should just pack it in
Grab my shit and not come back again

Well heaven knows I□ve tried It comes as no surprise

Word gets around in this one horse town
It travels faster then the, speed of sound
They take you down fast in this town

I was really hoping you would change your mind If this is your idea of a valentine

Then turn the lights down low I don't want to watch you go Maybe I'm better off alone In the afterglow

Shining like a diamond on the hand of a bride Lonely as an angel in a Godless sky

Shining like a diamond on the hand of a bride Lonely as an angel in a Godless sky

I took my chances, I was mistaken
I didn't take the roads that I should have taken

But heaven knows IOve tried
It comes as no surprise
ThereOs nothing left if me tonight
But an afterglow
