

Darkness Round The Sun

Damhnait Doyle

Somewhere there's a sea that has no other side
Somewhere there's an airplane lost beyond the sky
So fly us up above the clouds
Live your life, where you are now

In the darkness round the sun
There's light behind your eyes
When you've lost the will to run
You can feel it start to shine
When the rain falls down so hard
And you don't know where to start
Drowning in the sun

Somewhere someone thinks they've found the perfect love
And they think you've found the answer to all of this
So hang on sometimes we miss it
I'll be your perfect kiss

In the darkness round the sun
There's light behind your eyes
When you've lost the will to run
You can feel it start to shine
When the rain falls down so hard
And you don't know where to start
Drowning in the sun

Oh, yeah
Drowning in the sun
Oh, yeah
Drowning in the sun

In the darkness round the sun
There's light behind your eyes
When you've lost the will to run
You can feel it start to shine
When the rain falls down so hard
And you don't know where to start
Drowning in the sun

Drowning in the sun
