Growing tired and weary brown eyes
Trying to feel your love through face time
Symphonies of dreams and highlights
Caught up in this crazy fast life
But baby you're not here with me..
And I keep calling.. calling..
Keep calling.. cause..

Now my heart awakes to the sound of silence And it beats to the sound of silence And it beats to the sound of silence Now my heart awakes to the sound of silence And it beats to the sound of silence And it beats to the sound of silence

Getting hard to break through the madness You're not here it never makes sense Tidal waves of tears are crashing No one here to save me drowning Cause baby you're not here with me And I keep calling.. calling.. Keep calling.. cause..

Now my heart awakes to the sound of silence
And it beats to the sound of silence
And it beats to the sound of silence
Now my heart awakes to the sound of silence
And it beats to the sound of silence
And it beats to the sound of silence

I know, I'm stronger, and I'm capable I know it's all in my head But I keep calling calling Calling Calling Home..

Now my heart awakes to the sound of silence
And it beats to the sound of silence (silence)
And it beats to the sound of silence
Now my heart awakes to the sound of silence (hey..)
And it beats to the sound of silence (silence)
And it beats to the sound of silence..
