Yeah!  
Got out the 600  
Blunted  
Chicks hunt him  
Neighborhood know he comin'  
Jakes hate him  
Snakes could not violate him  
Pimps memorize his lines-verbatim  
He reps N.Y. yo  
Gives C-notes to winos  
Not church  
It's how he tithe though  
He walks the tenement  
Sleeps at his super fly condo  
My kinda nigga  
My Icon, my Idol  
No certificate  
For this misfit who handle business  
The odds stacked against him  
He fights back mackin Benzes  
Never puts cash or ass  
Before friendship  
He laughs last?  
As some die young  
He is still existing  
Somehow he got around the pitfalls of the system  
When he walks we watch  
When he talks we listen

Who do I follow?  
Who do I copy?  
Look in to the mirror  
And it's you I see look at me  
Everything new  
Like it fresh from the factory  
Everything you do?  
It impact me  
Your lifestyle attract me

Parents try distract me  
When I grow up  
I want to be like you exactly  
And as soon as I get over this acne  
There's no way anybody coulda stop me  
Me gravitate toward the aura  
And all the mannerism  
The sending out of orders  
And man start moving busy  
The locking of the corners?  
The streets and all the buildings  
Mi love you like a father  
Mi ready and mi willing  
Anything what you a talk  
Is law in my dominion  
And mi have similar thoughts  
I share the same opinions  
Mi have it say you smart  
With mi best interest at heart  
I'm following your path  
Yow mine whe you a walk

They appeal to the conscious  
The Paramount  
The Cesar, the monsters  
The grandiose, the matters  
The hell on earth pompous  
Ellsworth Bumpy Johnsons  
The Harlemites the Garveyites  
Black as the credit card we swipe  
Poppin' Dom tonight  
For all of mine  
I can see myself back at the Autobahn  
Malcolm on the podium  
Shells drop to linoleum  
Swipe those  
Place 'em on display at the Smithsonian  
Next to only gems  
That were left behind  
By holy men  
Infectious  
Charisma of those who gave us direction  
The anti-sexes  
Resistance against oppression  
Progressive thinking  
Ghetto speakers  
Protestors against the colored  
Only section to the Jena 6 and  
The Frost Nixon  
The contradiction  
The cross the crucifixion  
The loss we took for sinning  
On Esau's back inscription  
That it was written

That nothing is coincidence'n  
They took our leaders and they lynched them

This one's for all the leaders  
Leader  
Lets all change the world  
Change the world  
This one's for all the leaders  
Leader  
Lets all change the world  
Change the world  
Change the world, change the world  
Change the world  
Change the world, change the world  
You change the world
