

## Birdcage

Damien Jurado

Now the sun is coming out  
It's better than the rain  
I finally wipe away the clouds  
Leave me here and

Maybe I'll be fine  
As long as I have you on the right

So much easier to get out  
I'm breaking from my cage  
Kill the lights and burn it down  
Leave the keys and

Maybe I'll be fine  
As long as I have you on the right
