

## Cloudy Shoes

Damien Jurado

I wish that I could float  
Float up from the ground  
I will never know  
What that's like

You have a way about you  
I wish that I had  
Thought it was impossible  
To live and love like you

Funny how we all can change  
If we just try to  
Thought it was impossible  
To live and love like you

One day you will be taller  
Taller than the sky  
Until that day you will be  
Here with us below

Magic will do what magic does  
Living in your eyes  
Do you think someday soon  
You will have the time?

I could use another hand  
To help pull me through  
Someday these hospital stays  
Get the best of me

Trying to fix my mind  
Still trying to fix my mind  
Trying to work it out  
I'm still trying to fix my mind

Still trying to fix my mind  
I'm still trying to fix my mind
