

Honey Baby

Damien Jurado

I spend the last night in your bedroom, sleeping
Your head was laid upon my pillow, dreaming
Is this the first time, baby
Is this the last time, well maybe
Is this the first time, baby
Is this the last time, well maybe

I spent the last night in your room
Kickin' these wishes to the moon
To the moon

I spend the last night in your bedroom, sleeping
Your head was laid upon my shoulder, dreaming
Is this the first time, baby
Is this the last time, well maybe
Is this the first time, baby
Is this the last time, well maybe

I spent the last night in your room
Kickin' these wishes to the moon
I spent the last night in your room
Kickin' these wishes to the moon
To the moon

Is this the first time, baby
Is this the last time, well maybe
Is this the first time, baby
Is this the last time, maybe
