

Like Titanic

Damien Jurado

There's a place where Jean and I go
To escape this dull existence
We go dancing and we set fires and
We tell secrets and tell them lies

I have many questions
Places I keep going
I don't know the meaning of "no trespassing"

Me and Jeanie, we get drunk and we
Take her dad's car for a ride and
Pockets empty, we have no money
For tobacco or the movies

I have many problems
Fears I can't ignore
I don't know the meaning of "self destruction"
I have many questions
Places I keep going
I don't know the meaning of "no trespassing"

Some say Jeanie, she's my downfall
With the pills and alcohol
She can sink me like Titanic, and
Make my blood spill to her shores

I have many questions
Places I keep going
I don't know the meaning of "no trespassing"
I have many problems
Fears I can't ignore
I don't know the meaning of "self destruction"

Some say boredom, it's a killer, you
End up breaking hearts like chairs

I have many questions
Places I keep going
I don't know the meaning of "no trespassing"
I have many problems
Fears I can't ignore
I don't know the meaning of "self destruction"
