

# Lose My Head

Damien Jurado

I won't pretend not to see you looking  
I smile and walk the other way

Kept alive in pictures  
Still shots of you sleeping  
And I play the movies in my mind

If I ever lose my head  
Don't ever let me lose my head

High above me far from all who see you  
You play the hero in my song

This is my blue one  
That one makes me happy  
Call in another round of cheer

If I ever lose my head  
Don't ever let me lose my head

If I ever lose my head  
Don't ever let me lose my head

I won't pretend not to see you looking  
I smile and walk the other way

Kept alive in pictures  
Still shots of you sleeping  
And I play the movies in my mind

If I ever lose my head  
Don't ever let me lose my head

If I ever lose my head  
Don't ever let me lose my head
