

Love The Same

Damien Jurado

You don't love me that way
The words that you say
Make it obvious now
Why try pretending you care
When feelings aren't there
Just be honest with me

It's not getting easier
With the two of us just standing here
Knowing we don't love the same

I said, 'Don't feel ashamed
Feelings just change
It's so clear to me now.
Don't cry you can't deny
Both of us tried for each other.'

It's not getting easier
With the two of us just standing here

Knowing we don't love the same

You don't love me that way
The words that you say
Make it obvious now
