## Waters Ave. S.

## **Damien Jurado**

Autumn falls down these streets We'll walk together You take my hand Inside your hand lightly

You used to kiss me on the bus
And now I'll walk these streets alone
You used to kiss me on the bus
And now I'll walk these streets alone

Meet me downtown, we'll walk around Just you and me Hey, there's my house Waters Avenue sound

You used to kiss me on the bus
And now I'll walk these streets alone
You used to kiss me on the bus
And now I'll walk these streets alone

You used to kiss me on the bus And now I'll walk these streets alone Without you by my side
