

# Night Of My Life

Damien Leith

Here we are shooting stars  
Renting time in someone else's space  
So unsure afraid to fall  
I'm standing here a little scared  
But I don't care

Cause this kind of moment  
Is only on loan and  
I wanna remember the look in your eyes  
And when it's all over  
I want you  
To know that I was with you when I  
Had the night of my life  
The night of my life

So don't let go you never know  
Maybe your whole life's about to change  
So let's hold on until it's gone  
Nothing's made to last forever  
Who knows whether

This kind of moment  
Is only on loan and  
Sometimes you don't know till it passes you by  
And when it's all over I want you to know  
That I was with you when I had the night of my life

maybe this whole thing comes right down to fate  
And every choice that we think that we've made  
Has put us right here together today, today, today

'Cause this kind of moment  
Is only on loan and  
It won't be too long till it leaves us behind  
And when it's all over I want you to know  
That I was with you when I had the night of my life

The night of my life  
The night of my life  
The night of my life
