

Night Of My Life

Damien Leith

Here we are shooting stars
Renting time in someone else's space
So unsure afraid to fall
I'm standing here a little scared
But I don't care

Cause this kind of moment
Is only on loan and
I wanna remember the look in your eyes
And when it's all over
I want you
To know that I was with you when I
Had the night of my life
The night of my life

So don't let go you never know
Maybe your whole life's about to change
So let's hold on until it's gone
Nothing's made to last forever
Who knows whether

This kind of moment
Is only on loan and
Sometimes you don't know till it passes you by
And when it's all over I want you to know
That I was with you when I had the night of my life

maybe this whole thing comes right down to fate
And every choice that we think that we've made
Has put us right here together today, today, today

'Cause this kind of moment
Is only on loan and
It won't be too long till it leaves us behind
And when it's all over I want you to know
That I was with you when I had the night of my life

The night of my life
The night of my life
The night of my life
