

Lonely Press Play

Damon Albarn

Arrhythmia, accepting that you live
With uncertainty
If you're lonely, press play

Die, lady, die
The aspects that you pass on
While traveling
When you're lonely, press play

R: Cause you're not resolved
In your heart, you're waiting for me
To improve
Right here
When I'm lonely, I press play

Swimming in blue
After New Year
Into the mirror she flew
When I'm lonely, I press play

Can I get any closer?
What anecdote can I bring to you?
When I'm lonely, I press play

R:

Arrhythmia, accepting that you live
With one certainty
If you're lonely, press play
Can I get any closer?
What anecdote can I bring to you?
When I'm lonely, I press play
Cause you're not resolved
In your heart you're waiting for me
