

# Tonight

Damone

I got my radio on behind the box of my cereal  
And it's a pretty cool song for bringing me back to life  
I got my Kangaroos on, on my way to go visit you  
Cause you been doing me wrong, but that doesn't matter tonight

Cause I been thinking a long time about the things that we did  
right  
I can't go on living in a world I know is gone

Tonight  
Tonight  
We're gonna lay down our arms tonight  
Cause half my heart's in the stereo and the other half's screw  
ed on tight  
Tonight  
Tonight  
We're gonna lay down our arms tonight  
Cause half my heart's saying "Let it go" and the other half sta  
ys to fight

I got my radio on behind the box of my cereal  
And it's a pretty cool song for bringing me back...

To life  
Tonight  
We're gonna lay down our arms tonight  
Cause half my heart's in the stereo and the other half's screw  
ed on tight  
Tonight
