

Tonight

Damone

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to life
I got my Kangaroos on, on my way to go visit you
Cause you been doing me wrong, but that doesn't matter tonight

Cause I been thinking a long time about the things that we did
right
I can't go on living in a world I know is gone

Tonight
Tonight
We're gonna lay down our arms tonight
Cause half my heart's in the stereo and the other half's screw
ed on tight
Tonight
Tonight
We're gonna lay down our arms tonight
Cause half my heart's saying "Let it go" and the other half sta
ys to fight

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back...

To life
Tonight
We're gonna lay down our arms tonight
Cause half my heart's in the stereo and the other half's screw
ed on tight
Tonight
Tonight
We're gonna lay down our arms tonight
Cause half my heart's saying "Let it go" and the other half sta
ys to fight
