

## Jesus on-line

Dan Bárta

Well I woke up in the morning  
with the day staring straight at my face  
didn't take it as no warning  
that the world's become so boring  
I slip back into cyberspace

This dimension's more appealing  
and I get this sense of feeling  
of desire to communicate  
an invention so revealing  
I feel like I'm stealing  
that I have to reciprocate

But I'm fine, fine, fine, fine let it go  
I'm your jesus online for show  
if you wait here only for me  
I'll be your jesus online for free

There's people that are dealing  
and there's people that are streaming  
all looking for the perfect life  
with the help of endless dreaming  
I'm searching for the meaning  
I know it's gonna be all-night

But I'm fine, fine, fine, fine let it go  
I'm your jesus online for show  
if you wait here only for me  
I'll be your jesus online for free

You can call us on the hot line  
any day any time any place  
24 7 just one click to heaven  
I'm there for the human race

But I'm fine, fine, fine, fine let it go  
I'm your jesus online for show  
if you wait here only for me  
I'll be your jesus online for free  
I'll be your jesus online you'll see
