

## Smartie Mine

Dan Bern

The paint is not yet dry  
The clothes are not yet on  
Only one place where I could  
Go to be understood  
Only one place  
Only one face  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
I wanna go  
Deep down smartie mine  
Down a shaft of green  
Down a shaft of blue  
I have a paint brush  
I wanna spread my colors around  
Not to be careless, though  
Only one place to go  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
Deep down under the ground  
There's a place where it's always sun  
Deep down under the Earth  
There's chocolate for everyone  
There's chocolate for everyone  
Down a shaft of red  
Down a shaft of red  
Not be too nervous though  
We've come too far  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
Smartie mine  
I wanna go  
Deep down smartie mine  
Smartie mine  
Smartie mine
