

# Counter-strike rap battle

Dan Bull

[Dave Brown/Terrorist]

Smash through the gates of the nuclear plant  
Not just some dudes in a van, we're going through with a plan  
Maximum impact's the thing that we're after  
We're gonna bring back the Big Bang  
Disaster

[Dan Bull/Counter-Terrorist]

These guys are contriving a crime of the violentest type  
We'll find them inside, we must deny them this crisis in time

[Dave Brown/Terrorist]

Christ, there are five, so be quiet and hide

[Dan Bull/Counter-Terrorist]

Because silence is vital when trying to surprise

[Dave Brown/Terrorist]

You want to die or survive in the prime of your life?

[Dan Bull/Counter-Terrorist]

Cause this moment your time to decide

[Dave Brown/Terrorist]

Get ready to open fire and fight

[Dan Bull/Counter-Terrorist]

But not 'til you spy the whites of their eyes

[Dave Brown/Terrorist]

Nice  
Got him right in the side with a sawed-off

[Dan Bull/Counter-Terrorist]

Cripes  
He well nigh blew my balls off  
There's a sniper up high and we might be too late

[Dave Brown/Terrorist]

I'll provide cover fire  
You try to escape

[chorus]

Yo, lock and then load  
You're about to die  
Stop the bomb from exploding in Counter-Strike  
I said, lock and then load  
You're about to die  
Stop the bomb from exploding in Counter-Strike

[Dan Bull/Counter-Terrorist]

Boom! Headshot  
Fock your mom  
Aaaaagh, you dropped the bomb!

[Dave Brown/Terrorist]

Mate what, come on

[Dan Bull/Counter-Terrorist]  
Make your move

[Dave Brown/Terrorist]  
Wait too long  
Too late, you lose

[Dan Bull/Counter-Terrorist]  
Not so fast, man  
Watch when I throw this

[Dave Brown/Terrorist]  
Holy crap! It's a flashbang!  
Oh sh...!  
I'll be laughing when you all die  
Your number's up, M249

[Dan Bull/Counter-Terrorist]  
Agh!  
He's got the aforementioned gun!  
Take cover, aim another grenade

[Dave Brown/Terrorist]  
What the-?  
I set us up the bomb  
Several seconds and it's gone

[Dan Bull/Counter-Terrorist]  
We'd better bloody run  
They're wrecking it, come on

[Dave Brown/Terrorist]  
Fancy a cocktail?  
I can make a molotov

[Dan Bull/Counter-Terrorist]  
Agh!  
This is gonna burn the hair on my bollock off!

[chorus]  
Yo, lock and then load  
You're about to die  
Stop the bomb from exploding in Counter-Strike  
I said, lock and then load  
You're about to die  
Stop the bomb from exploding in Counter-Strike
