

# Can You Hear Me

Dan Croll

Hello, are you lonely, like I am?  
Slowly thinking like I am?  
And now you're calling on the fact that I wanna say  
Everything is fine, everything's okay  
Can you hear me?  
Slowly round and round we go  
But there's never time  
Never understanding why we walk the line  
Can you hear me?  
Can you hear me...  
I ask cause nobody's home...  
Can you hear me?  
Outside and I'm all alone  
So come around and we can talk through all that's wrong  
And you can pretend that you knew it all along  
Calling on the fact that I wanna say  
Everything is fine, everything's okay  
Can you hear me?  
Slowly...round and round we go  
But there's never time  
Never understanding why we walk the line  
Can you hear me?  
Can you hear me...  
Can you hear me?  
I ask cause nobody's home  
Can you hear me?  
Outside and I'm all alone  
Can you hear me?  
Can you hear me?  
Can you hear me?  
Can you hear me?  
Can you hear me?
