

# If You Want Me

Dan Croll

Stay here, or come with me,  
I don't mind either way  
Cause all I wanna do is be with you,  
if you'll allow me to

Your hand is next to mine,  
it moves closer over time  
But I'm impatient so I wanna go,  
if you'll let me take you home

I-I-I-I'll come if you want me to  
And I'll follow you home when the night is through  
All I wanna be is somewhere next to you  
If you want me,  
if you want me to

I-I-I-I'll come if you want me to  
And I'll follow you home when the night is through  
All I wanna be is somewhere next to you  
If you want me,  
if you want me to

Stay here, or come with me,  
I don't mind either way  
Cause all I wanna do is be with you,  
if you'll allow me to

Your hand is next to mine,  
it moves closer over time  
But I'm impatient so I wanna go,  
if you'll let me take you home

If you want me to  
If you want me  
If you want me to  
If you want me  
If you want me to  
If you want me  
If you want me to  
If you want me

I-I-I-I'll come if you want me to  
And I'll follow you home when the night is through  
All I wanna be is somewhere next to you  
If you want me,  
if you want me to

I-I-I-I'll come if you want me to  
And I'll follow you home when the night is through  
All I wanna be is somewhere next to you  
If you want me,  
if you want me to  
If you want me,  
if you want me to

I-I-I-I'll come if you want me to  
And I'll follow you home when the night is through

All I wanna be is somewhere next to you  
If you want me,  
if you want me to

I-I-I-I'll come if you want me to  
And I'll follow you home when the night is through  
All I wanna be is somewhere next to you  
If you want me,  
if you want me to  
If you want me,  
if you want me to
