

## Only Ghost

Dan Croll

I lost my way  
I lost my way home  
Stray to far and wound up  
at your door  
I lost my way  
I lost my way home  
Stray to far and wound up  
at the coast

I love the wind  
And I love the rain  
I love the coast  
But I've lost my only ghost  
You're, You're my only ghost

I love the wind  
And I love the rain  
I love the coast  
But I've lost my only ghost  
You're, You're my only ghost

You call my name  
You call my name out  
Took the words  
I had right out my mouth  
You call my name  
You call my name out  
Took my hand and showed me  
The way south

You're, You're my only ghost

I love the wind  
And I love the rain  
I love the coast  
But I've lost my only ghost  
You're, You're my only ghost
