

# Tell Me To My Face

Dan Fogelberg

And though you try to justify the meaning  
Of the note you sent this evening  
To my door you're not deceiving me

Well, I'd have thought that you'd have known much better  
Sending 'round an unsigned letter  
Facing me would be much better now

Is it just that you can't face the future with me  
Can't you tell me to my face?  
You just took the coward's way to say goodbye  
How would you feel here in my place?

And now I know my love is lost on you  
And nothing you can say or do  
Will turn my head around the other way

I'd have thought you'd have the decency  
To come and tell the truth to me  
Instead of telling lies your eyes betray

Is it just that you can't face the future with me  
Can't you tell me to my face?  
You just took the coward's way to say goodbye  
How would you feel here in my place?

Tell me to my face you're leaving now  
Tell me to my face that you're leaving now

And though you try to justify the meaning  
Of the note you sent this evening  
To my door you're not deceiving me

Well, I'd have thought that you'd have known much better  
Sending 'round an unsigned letter  
Facing me would be much better now

Is it just that you can't face the future with me  
Can't you tell me to my face?  
You just took the coward's way to say goodbye  
How would you feel here in my place?

Tell me to my face you're leaving now  
Tell me to my face that you're leaving now
