

Forever in a Moment

Dan Hartman

I love to tango with you baby
And spin across the moonlit sky
Funny thing, it brings to mind a new kind of high

And when we dance together
It's like forever in a moment (sha-la-la, sha-la-la)
Ooh, when we romance together
It's like forever in a moment (sha-la-la, sha-la-la)
Ooh

Forever in a moment you'll be
Forever in a moment with me
It's such a nice, nice feeling
Rocking and a-reeling with you

And when the hour reaches midnight
And all the poker nuts are asleep
We're kissing and hugging
We're getting some loving
The feeling is oh so complete

And when we dance together
It's like forever in a moment (sha-la-la, sha-la-la)
Ooh, and we romance together
It's like forever in a moment (sha-la-la, sha-la-la)
Ooh

Forever in a moment you'll be
Forever in a moment with me
It's such a nice, nice feeling
Rocking and a-reeling with you

I open windows, I open doors
My heart is open to yours
Just give me freedom, say you're in love
Stand by your word, say I'm the only one you're thinking of

(Sha-la-la, sha-la-la)

And when we dance
When we dance, na-na-na-na
It's romance, it's romance
Ooh

Forever in a moment you'll be
Forever in a moment with me
It's such a good, good feeling, good, good feeling
When we dance
