

## Second Nature

Dan Hartman

Hey  
Hey  
I wanna read it in my magazine  
I wanna hear it on my radio  
There's no limit to the magic  
Of this love that we know  
Whoa, whoa

And it's deeper than any eye can see  
But it's more than just a mystery  
This feeling's takin' over me

The way we do the things we do  
Second nature  
The way we made our fantasy come true  
Second nature  
Well it's a finger-snappin be-bop can't-stop thing  
Second nature  
Whoa, whoa

It's not enough to show you how I feel  
'Cause this love I've got for you is really real  
And it's a miracle of timing when it comes so naturally  
And we're standing, we're going strong  
And when other dreams have come and gone  
Our love will keep us keeping on

The way we do the things we do  
Second nature  
The way we made our fantasy come true  
Second nature  
Well it's a finger-snappin be-bop can't-stop thing  
Second nature  
Whoa, whoa

You are my river, you are my fire  
Overflowin', getting higher and higher  
And love will remain  
Pulls me to the flame  
Then I'm burnin', burnin'  
This feeling's returnin'

Second nature  
Second nature

In every lover's heart the story's being told  
With a message sayin'  
Oo I love you  
Oo I love you  
Oo I love you so!

The way we do the things we do  
Second nature  
The way we made our fantasy come true  
Second nature  
Well it's a finger-snappin be-bop can't-stop thing  
Second nature

Whoa, whoa

Can it be, I say can it be  
Second nature

Whoa, whoa
