

Dr. Gunter

Dan Reeder

Oh the wax
On the bottle
Holdin' the candle
That's burnin
Like true love
On the middle of the table
Is bringing me down
Whoa oh oh
It's bringing me down
So down
So down
Dr Gunter you can help me --
Put another beer down over here

Oh the pretty girls have all gone home
And the ugly ones
Prefer to be alone
And the ones at the bar
Already know me all to well
Go to hell

It's bringing me down
Whoa oh oh
It's bringing me down
So down
Dr Gunter you can help me --
Put another beer down over here

Oh the only things he has right
Is to turn out the light
In the middle of the night
What a rude thing to do

Bringing me down
Oh it's bringing me down
Dr Gunter you can help me --
Bring another beer down over here

Oh the wax
On the bottle
Holding the candle
That's a burnin
Like true love
In the middle of the table
Is bringing me down

Whoa oh oh oh it's bringing me down

Dr Gunter you can help me
Put another beer down over here
