

# Bop

Dan Seals

Put on your Bobbi-sox baby  
Roll up your old blue jeans  
There's a band playin down at the armory  
Know's what rock and roll really means  
I want to ride in your '55 T-bird  
Drive through some old memories  
I ain't after your body baby  
I just want you to dance with me

[Chorus]

I want to bop with you baby, all night long  
I want to bop the night away  
I want to make it night like it used to be  
When our hearts were young and our souls were free  
I want to bop with you baby, all night long  
I want to be-bop with you baby till the break of dawn  
I want to bop with you baby all night long

I got an old photograph in my pocket  
We were still in our teens  
Lord knows I feel a lot older now  
But you still look the same to me  
Honey, you don't ever laugh like you used to  
And I don't want to see you blue  
If you ain't busy tonight and you think it's alright  
This is what I want to do

[Chorus]

Let's twist and shout  
Oh, just like in the good old days  
Baby, watch out  
You know I just can't stand it when you look at me that way

I want to bop with you baby, all night long  
I want to be-bop with you baby till the break of dawn  
I want to bop with you baby all night  
I want to bop with you baby all night long  
I want to be-bop with you baby till the break of dawn  
I want to make it a night like it used to be  
When our hearts were young and our souls were free  
I want to bop with you baby all night long  
I want to be-bop with you baby till the break of dawn  
I want to make it night like it used to be,  
When our hearts were young and free
