

# Everybody's Dream Girl

Dan Seals

When she walks in the room, everybody gets quiet  
You can hear hearts start beating inside  
And the way that she moves  
You just can't deny it  
They all wish that they could hold her  
You can see it in their eyes

She's everybody's dream girl  
Everybody's dream girl  
Everybody's dream girl  
I'll see you in my dreams tonight

Well, I woke up this morning  
Found that determined  
That today was gonna be the day  
And I gathered all my courage  
Walked right up to her  
I stumbled and I fumbled for the right words to say

She's everybody's dream girl  
Oh, everybody's dream girl  
I got to make her mine  
Everybody's dream girl  
I'll see you in my dreams tonight

One way or another  
Gonna tell her that I love her  
I keep trying every day  
'Til I find a way

Everybody's dream girl  
Oh, she's everybody's dream girl  
I wanna make her mine  
Everybody's dream girl  
I'll see you in my dreams tonight

She's everybody's dream girl  
I got to find a way  
Everybody's dream girl  
Maybe today's the day  
Everybody's dream girl  
Everybody's dream girl
