

# Love On Arrival

Dan Seals

I just had to call, cause babe I got your letter  
And I understood almost every line  
You said T.L.C. is what you miss from me  
You want back in my arms P.D.Q.  
And ooh I love this game  
Them three letters by your name L.O.A. what does that say?

She said ooh baby it's so simple  
I did not mean to make it hard to understand  
I've been gone so long  
Want you to know I miss my man oh yes I do  
And that message for you  
Tells you what I'm gonna do when I get home oh yeah

L.O.A. (Love on arrival)  
For you (Love on arrival)  
L.O.A. is what I'm gonna give to you  
I've been countin' the days  
I've been lonely, I've been blue (Love on arrival)  
For you (Love on arrival)  
And now after all this time  
I've got nothing on my mind but L.O.A. (Love on arrival)  
For you

I said ooh baby I do love you  
And I'm always amazed the way we fit  
And I T.G.I.F.  
Thank God I found you when I did, oh yes I do  
Them three letters by your name  
I will just give you just the same  
When you get home, oh yes I will

L.O.A. (Love on arrival)  
For you (Love on arrival)  
L.O.A. is what I'm gonna give to you  
I've been countin' the days  
I've been lonely, I've been blue (Love on arrival)  
For you (Love on arrival)  
And now after all this time  
I've got nothing on my mind but L.O.A. (Love on arrival)  
For you

I don't need no confirmation  
I get it right here in my land  
Don't need no translation  
You done spelled it out with words  
That I can understand L.O.A.  
ooh ooh ooh, L.O.A.

L.O.A. (Love on arrival)  
For you (Love on arrival)  
L.O.A. is what I'm gonna give to you  
I've been countin' the days  
I've been lonely, I've been blue (Love on arrival)  
For you (Love on arrival)  
And now after all this time  
I've got nothing on my mind but L.O.A. (Love on arrival)

For you

And now after all this time

I've got nothing on my mind but L.O.A. (Love on arrival)
