

# Can't Say No

Dan + Shay

It's seven AM, baby  
Trying to catch up on a little sleep  
It's way too early, baby  
For you to be crawling all over me

Next thing you know we're driving 'round  
She's dragging me all over town  
Ain't another girl in the world that could do me like that

She knows how to work them cut-off things  
She knows how to get me to do about anything  
How to bat those eyes,  
Swing them hips,  
How to rock that cherry red lipstick  
She knows I can't say "No"

Yeah, baby,  
That's about all I can say  
Whatever you want, baby,  
As long as you kiss me that way

My heart of stone melts in her hands  
I'm getting used to changing plans  
Ain't another girl in the world that could do me like that

She knows how to work them cut-off things  
She knows how to get me to do about anything  
How to bat those eyes,  
Swing them hips,  
How to rock that cherry red lipstick  
She knows I can't say "No"

"No" to that smile  
"No" to that kiss  
"No" I just can't resist,  
Yeah

Yeah, I could be out there with the boys,  
But as soon as I hear that little voice  
I'm gone  
Yeah, I'm gone, baby

She knows how to work them cut-off things  
She knows how to get me to do about anything  
How to bat those eyes,  
Swing them hips,  
How to rock that cherry red lipstick  
She knows I can't say "No"

Can't say "No"  
Can't say "No"  
I can't say "No"
